DESPRE NOI

MEGADOOR s-a remarcat in ultimii 20 de ani ca lider pe piata de profil din Romania prin orientarea catre un standard ridicat al calitatii produselor, alinierea la cerintele dinamice ale clientilor si practicarea unor preturi competitive pe piata.

Beneficiind de o vasta experienta in domeniul producerii si comercializarii diverselor tipuri de usi metalice si din fier forjat, produse atat la dimensiuni standard cat si speciale, la cererea

clientilor (usi duble, usi pe dimensiuni speciale, usi cu lumina-tor), marca Megadoor s-a bucurat de-a lungul timpului de aprecierea clientilor, propulsand-o ca marca-etalon pentru

industria de profil din Romania si chiar din Europa Centrala si de Est.

Viziunea manageriala a firmei este reprezentata de satisfacerea celor mai inalte cerinte ale clientilor privind securitatea, design-ul, ergonomicitatea si fiabilitatea produselor oferite.

Misiunea firmei si prioritatea principala a activitatilor desfasurate se concentreaza pe producerea si comercializarea catre distribuitori si clientii finali a unor produse cu un standard ridicat de calitate. De asemenea, managementul firmei urmareste mentinerea si cresterea standardelor de calitate pentru produsele oferite si prin investitiile recente facute in cele mai moderne tehnologii de productie din domeniu, care permit realizarea de produse in masa sau

personalizate, intr-un timp de productie minim si care se incadreaza, in acelasi timp, in normele de conformitate impuse la nivel european (marcajul CE).

Astfel, calitatea produselor oferite, impreuna cu o retea de parteneriate solida din care fac parte peste 60 de distribuitori de usi metalice si de interior la nivel national, au propulsat

Megadoor pe primul loc in topul celor mai mari producatori de usi metalice din Romania.

MEGADOOR este deja o marca pe piata care se identifica cu produse de calitate, cu o estetica deosebita si o mare varietate de modele, culori si dimensiuni pentru a raspunde

tuturor cerintelor iar, cei 20 de ani de experienta timp in care am perfectionat toate aspectele afacerii noastre: de la materiale si productie pâna la ambalaj si distributie reprezinta cheia

succesului nostru.
